VIANU

WHO DECIDES WITH YOU?

WORKS COUNCIL

VIANU makes custom insoles for employees. For that, they photograph their feet with their own smartphone, and taking part is voluntary. The photos are used only to make the insole and are deleted afterwards.

WHAT YOU CAN CLARIFY IN THE WORKS COUNCIL MEETING

1 YOUR QUESTION: WHAT HAPPENS TO THE DATA OF OUR COLLEAGUES?

The photos of the feet are used only to make the insole, processed in the EU and deleted afterwards. Only VIANU and its manufacturing partners can see them.

2 VOLUNTARY TAKING PART

Taking part is voluntary, for every person. The photos are taken with their own smartphone, for example during a break. Employees pay nothing, the employer pays.

3 WHAT THE BUSINESS SEES

The business knows the participant list. The results report summarizes the survey anonymously at group level and cannot be traced to a single person.

4 WHAT YOU RECEIVE FROM US

Draft works agreement, data protection concept and data processing agreement to download.

5 WHO YOU CAN REACH
