WHO DECIDES WITH YOU?

WORKS COUNCIL

VOLUNTARY FOR EVERY PERSON. THE RULES SETTLED WITH YOU IN ADVANCE.

Taking part is voluntary, for every person. How the photos of the foot capture are processed is not settled yet. There will be a statement on this once the data protection concept is in place.

WHAT YOU NEED TO BE ABLE TO REPRESENT IN THE MEETING

THE ROLE'S QUESTION	What happens to the data of our colleagues?
CORE MESSAGE	**“VOLUNTARY FOR EVERY PERSON. THE RULES SETTLED WITH YOU IN ADVANCE.”**
HOW THIS PAGE SEES IT	The data flow in plain words: what is settled and what is still open. Who sees what and what is deleted when will come with the data protection concept. The template for the works agreement is in progress.
THE PILOT COUNTS AS A SUCCESS IF	taking part is voluntary and free of pressure, no complaint reaches the works council, the employer sees only what the agreement allows, and the works agreement is signed before the start.
WHAT IS NEEDED BEFORE APPROVAL	Template for the works agreement, data protection concept, data processing agreement, what is stored and for how long, who can see it, and a clear line on the evaluation of individual people.
